

Ubiquitous Modularity (work realm service area is expanding)

Unzip it! (simply double-click on the zipped file and the Archive Utility tool will unzip)

Download your workspace.
Change your workspace.
Delete your workspace.
Change your panorama.
Monday work in the north.
Mardi à l'ouest.
Build-in the east.
Sleep in the south.

Practice it nomadically!

Dematerialize it! (Minimize the maximal AKA get rid of it!)

Kein Schreibtisch, kein Stuhl, keine Schreibtischlampe.
No more Dewalt Akkuschauber 18V 5AH.
No toolbox.
No PC working stations.
Keep your Raspberry Pi. (Plural: Raspberry Pis)
Non Pagare l'affitto per un deposito extra.
Don't buy instead borrow or rent.
No leasing / Don't buy.
Get the shared one!
Subscribe for a membership at the local FabLab.
Check into local workshops.
Say hello to communal facilities.

Be light and ready to move!

Decentralized it! (Do I need more to own and carry?)

Get on the next train.
Connect to WiFi.
The sky is your TV.
The window is your favorite YouTube channel.
Adapt to new technologies.
Be disconnected when you want!
Be open / Be isolated.
Diversify it.
Fluid as hell.
Search for possibilities / look after SOS solutions.
Be the modular / be everywhere.
Discover the exploratory.

Corporate the incorporate!

Are you ready?
Book your ticket.
Work will become a journey!

(Don't forget to use the QR-Code instead of a paper ticket and make sure also others enjoy your work)
